

2012 CERTIFICATE OF COMPLIANCE

US Domestic Japanese Beetle Harmonization Plan:
Shipment to Category 1 States

California Exterior Quarantine 3280, Japanese Beetle
Oregon Exterior Quarantine 603-52-0127, Japanese Beetle,
European Chafer, and Oriental Beetle

Treated Nursery Stock

The Minnesota grown nursery stock accompanied by this certificate has been produced, maintained and/or treated by the nursery listed below to comply with the provisions of the **US Domestic Japanese Beetle Harmonization Plan, Shipment to Category 1 States, Nursery Stock Treatment Option or California Exterior Quarantine 3280, Nursery Stock Treatment Option or Oregon Exterior Quarantine 603-52-0127, Application of Approved Regulatory Treatments Option.**

The plants accompanied by this certificate have been treated with the Imidacloprid insecticide Imidia EPro 60 WSP (generic for Marathon 60WP), at the rate of 0.5 grams active ingredient per gallon of water, just prior to adult flight season (June 1). The chemical was applied as a drench so that the entire surface of the potting media in each container was wet. Containers were re-treated after 16 weeks, if not shipped prior, to ensure adequate protection.*

ITASCA GREENHOUSE
26385 Blackwater Road
PO Box 273
Cohasset, Minnesota 55721

This signed certificate is valid only through December 31, 2012, and is subject to revocation at any time by the Minnesota Department of Agriculture.
